All children at KBEC have individual portfolios for families to view. These are kept in your child's file in their room and you are welcome to look at any time.

We also encourage families to take the portfolio home to share with your child and add to it with notes, photos, etc of your child's home interests and experiences to provide a more holistic visual and enhance the program outcomes.

In an often busy work environment, it can prove difficult to find the time to have comprehensive conversations with educators.

If you feel you need more time for discussion please feel free to see Sarah or Jacqui, call to make an appointment or complete this form.
